

## Tackling the transition with a Green (New) Deal? The impact of energy and climate research in times of large-scale policy measures

PhD colloquium, Energy Futures Conference, Feb. 24<sup>th</sup>, 2021

List of participants		
Name	Institution	Title of project
Alex Miller	PhD Environmental Planning, Uni Belfast	Social acceptance, path dependency, and the low carbon transition.
Annina Thaller	PhD Environmental Systems Sciences, Uni Granz	Consumer Decisions: The case of sustainable mobility behavior
Boris Gotchev	PhD Environmental and Climate Policy, TU München	Beyond Grassroots Innovation - The Politics of Community Energy in Europe
Julian Bothe	PhD Geography, LMU München	Discursive Constructions of the Energy Transitions: Group Discussions within the 'Silent Minority' of a Renewable-Energies-Region in Southern Bavaria
Dorothee Apfel	PhD Geography, Uni Tübingen; Research assistant Nuertlingen-Geislingen Uni	Transition to renewable energy systems/socio-cultural factors
Emiliano Castillo Jara	PhD Governance & Sustainability Lab, Uni Trier	Indigenous-led struggles over the expansion of tar sands and natural gas pipelines in the province of British Columbia, Canada
Jana Gheuens	PhD European Studies, Uni Brussels	Democratic myopia and EU climate and energy governance
Joni Karjalainen	PhD Future Studies, Uni Turku, Finland	Possibilities for economic development emerging in middle- and low-income countries for energy systems (?)
Majd Jajyousi	PhD Human Geography, Uni of Manchester, UK	Just transitions and electricity infrastructures in Kenya: Emerging socio-technical configurations
Marian Jacobs	PhD Geography, King's College London	Reconfigured statehood and geopolitics in energy transitions in Germany and Poland
Matteo Barsanti	PhD Architecture, Civil and Environmental Engineering, Ecole Polytechnique Federale de Lausanne, Switzerland	Modelling Demand and Supply Dynamics in Socio-technical Energy Systems
Nils Stockmann	Associated Research Fellow, Centre for Interdisciplinary Sustainability Research, Uni of Münster	Moving Meaning? Translation and performance of EU sustainability norms in urban mobility transitions
Rebecca Grant	PhD Geosciences, Uni of Edinburgh	The geographies of energy justice: Assessing the implications of solar promotion in Rwanda
